

CAMBO

SOLO

Cambo's SOLO Stand is the ideal stand in portrait studios.

The adjustable height over 50 cm switches easily between positions for sitting and standing persons, between children, adults and groups.

It can be used in combination with any small or medium format camera, video camera or passport camera, either digital or analog.

The black anodised extension tube's movement has a shock-absorbing spring and is equipped with a $\frac{3}{8}$ " mount. Its base features three swivel castors for quick moving around.

CBH-5 Ball Head

Ideal for mounting any camera upto weights of 5 kgs. Offers tension control and 360° panning. It has $\frac{1}{4}$ " camera mount, with $\frac{3}{8}$ " tripod mount. H. 108 mm / W. 850 gr

CBH-5 QR

This Quick Release Ball Head offers the same smoothness and movements with additional ease of use by its quick release plates with either $\frac{1}{4}$ " or $\frac{3}{8}$ " mounts. H. 124 mm / W. 950 gr

CBH-3 Ball Head

for medium format cameras with $\frac{1}{4}$ " camera mount. Incl. $\frac{3}{8}$ " tripod mount. H. 115 mm / W. 500 gr

CBH-2 Ball Head

for 35 mm format cameras with $\frac{1}{4}$ " camera mount. Incl. $\frac{3}{8}$ " tripod mount. H. 90 mm / W. 200 gr
