

CAMBO

WHERE TRADITION MEETS VISION

Heavy Duty Tripods

Level Control - Rigid Support - Customising Options

Cambo is the worldwide well-known manufacturer of Studio Stands for photographic and videographic applications.

Next to that, Cambo delivers high-end tripods for support of video jibs, cranes and various other equipment such as measuring devices of various make.

The TVB-100 is Cambo's basic tripod version for video.

This high-tensile aluminium tripod is built to withstand a lifetime of rough handling. It supports over 100 kg (220 lbs). The 100mm bowl mount has a hinged plate that allows for finetune adjustments for levelling purposes.

The TVB-100 includes an adjustable spreader to provide added rigidity and structured support. Rubber feet with detractable spikes assure stability on every floor or soil.
